## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 10-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Saito et al. '686.

Referring to claims 10-12, Saito discloses (fig. 1) an in-situ filter for controlling flowback of proppants comprising a network of composite fibrous sponge (2) and a plurality of interspersed helical springs (4) wherein the filter when placed in a fracture of a subterranean formation is capable of preventing the flowback of at least one proppant into a wellbore penetrating the subterranean formation.

### ***Allowable Subject Matter***

3. Claims 1-9 and 18-32 allowed.
4. Claims 13-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments filed 10/6/05 have been fully considered but they are not persuasive. Referring to the argument concerning the Saito reference, the applicant does not positively recite the filter is placed in a fracture formation. The phrase "wherein the filter when placed in a fracture of a subterranean formation prevents the flowback of at least one proppant into a wellbore penetrating the subterranean formation" only relates to the intended use of the filter. Furthermore, a recitation with respect to the manner in which an apparatus is intended to be employed does not impose any structural limitation upon the claimed apparatus which differentiates it from a prior art reference disclosing the structural limitations of the claim. In re Pearson, 494 F.2d 1399, 181 USPQ 641 (CCPA 1974); In re Yanush, 477 F.2d 958, 177 USPQ 705 (CCPA 1973); In re Finsterwalder, 436 F.2d 1028, 168 USPQ 530 (CCPA 1971); In re Casey, 370 F.2d 576, 152 USPQ 235 (CCPA 1967); In re Otto, 312 F.2d 937, 136 USPQ 458 (CCPA 1963); Ex parte Masham, 2 USPQ2d 1647 (BdPatApp & Inter 1987).
